Further Definitions:

The terms "Conservative", "Charismatic" and "Pentecostal" carry with them the assumption that these denominations are also Evangelical.

\* Egalitarian or Complementarian. In denominations, particularly with a congregational system of polity, the emphasis or practice of a given view varies from congregation to congregation. For our purposes here the focus of these views has to do with a denomination's stand on women in leadership, particularly ordained pastors. Egalitarian would mean they are in favor of women in the pastorate; Complementarian would mean they are not in favor of it.
